## Refrigeration

### YOUR REFRIGERATION EQUIPMENT COULD BE COSTING YOU MONEY

Did you know refrigeration equipment can account for as much as 60% of a business's energy use? The costs of using inefficient equipment can add up quickly. But don't let that freeze you in your tracks! Whether you are upgrading components, lighting inside reach-in and walk-in coolers or purchasing a new unit, SRP rebates can help.

### STANDARD REBATES

- › \$2.50–\$3.50 per linear foot for door gaskets
- › \$3 per linear foot of door perimeter for anti-sweat heater controls
- › \$20–\$40 per auto door closer
- › \$30 per square foot for fast-acting cooler doors
- › \$80 per square foot for fast-acting freezer doors
- › \$3 per square foot for strip curtains
- › \$14–\$17 per linear foot for dock door seals
- › \$20 per linear foot for high-efficiency open display cases
- › \$80 per ton for high-efficiency compressors
- › \$75 per horsepower (hp) for refrigeration condenser fan variable-frequency drives (VFDs)
- › \$75 per hp for evaporative fan VFDs
- › \$50 per ton for evaporative condensers
- › \$20 per ton for floating head pressure controls
- › \$50 per ton for discus compressors
- › \$60 per electronically commutated motor (ECM) for walk-ins
- › \$25 per ECM for reach-ins
- › \$100 per machine for beverage machine controls
- › \$40 per machine for snack machine controls
- › \$100 per cooler for reach-in cooler controls

Take the chill off your energy bill. Call **(602) 236-3054** or visit **savewithsrpbiz.com** to find an SRP Energy Efficiency Alliance participant who specializes in refrigeration.

### CUSTOM REBATES

If you don't see what you are looking for, suggest your own project through our Custom rebate program.

### ELIGIBILITY

To participate in Custom Business Solutions, customers must be served by an SRP retail electric commercial price plan.

Assessments are available for:

- › Pumping systems for non-HVAC applications (municipal, agricultural or industrial) with at least 25 hp, excluding backup
- › Compressed air systems with at least 100 hp, excluding backup
- › Data centers greater than 1,000 square feet with dedicated HVAC equipment
- › Compressed air system leak between 25 and 100 hp

Participants in the compressed air assessment must repair 50% of the identified leaks in order to be eligible for equipment rebates.

**FIND OUT MORE ON THE NEXT PAGE.**

## REBATES

Most equipment that reduces annual energy consumption and energy consumption during SRP's summer peak period is eligible for a rebate. You must receive approval of your rebate application before initiating any project. Because each project is different, savings are determined on a per-project basis. This requires that energy use be verified before and after installation to ensure that savings were achieved and you receive the full rebate.

### EQUIPMENT REBATES

- › \$0.10 per kilowatt-hour for the first year of electricity savings, up to 50% of the incremental customer cost

### ASSESSMENTS (PAID DIRECTLY TO QSP)

- › Up to \$350 per pump assessment
- › Up to \$3,000 for a preliminary assessment
- › 50% of the technical assessment cost, up to \$10,000
- › Remaining 50% of the technical assessment cost (additional \$10,000) if suggested improvements are implemented
- › Compressed air system leak assessment \$15 per hp

Customers are subject to a maximum rebate of \$300,000 for all SRP energy efficiency programs.

## HOW TO PARTICIPATE

If you are interested in rebates for equipment only, please skip to step 6.

1. Complete and submit a preliminary assessment application.
2. SRP's QSP will conduct the preliminary assessment.
3. Complete and submit a technical assessment application after reviewing the preliminary report.
4. The QSP will conduct the technical assessment.
5. Repair 50% of the compressed air system leaks (if applicable).
6. Complete and submit an equipment rebate reservation request (optional).
7. Complete and submit an equipment rebate application.
8. Before purchasing, ordering or installing equipment, obtain written preapproval from SRP.
9. Purchase and install the approved equipment.
10. Complete and submit the installation notice.

Applications and other forms are available at [savewithsrpbiz.com](http://savewithsrpbiz.com) or by contacting the program administrator. Rebate funds are limited and available on a first-come, first-served basis. For more information or to check the availability of funds, go to the program website or contact the program administrator at (602) 236-3054.

## SRP BUSINESS SOLUTIONS

SRP is committed to helping you save energy and money. We offer a rebate program for every size and type of business.

- › Standard Business Solutions
- › Small Business Solutions
- › Custom Business Solutions
