

SRP STANDARD BUSINESS SOLUTIONS

NON-LIGHTING MEASURES FOR NEW BUILDINGS

All rebates are subject to eligibility requirements and terms and conditions of the program. Visit savewithsrpbiz.com for details.

STANDARD MEASURES AND CORRESPONDING ELIGIBILITY

ENERGY MEASURE	RETRO ELIGIBLE	NEW BUILDING ELIGIBLE
HVAC		
Multi-Split Variable Refrigerant Flow Systems Must meet CEE Tier 1, Table 10, see rebate application.	YES	YES
Advanced Rooftop Unit Controller	YES	NO
Heat Pump Water Heater Must meet or exceed 2.35 EF.	YES	NO
Wi-Fi Smart Thermostat	YES	NO
Unitary ACs and Heat Pumps Must meet efficiencies in tables 1 and 2, see rebate application. Must replace non-programmable thermostat.	YES	YES
Variable-Frequency Drives (VFD) Cannot be a replacement unless existing VFD has not operated for more than two years. *New building only eligible if not required by ASHRAE 90.1-2010.	YES	YES*
VFD - Kitchen Exhaust Hoods Cannot be a replacement unless not operating within last two years.	YES	NO
VFD - Pool Pumps (25 horsepower or less) Cannot be a replacement unless not operating within last two years.	YES	YES
Outside Air Economizers Cannot be a replacement unless not operating within last two years. *Must meet efficiencies in tables 8 and 9, see rebate application.	YES	YES*
Water Chilling Equipment Must meet IPLV efficiencies in Table 5, see rebate application.	YES	YES
Energy Management Systems (EMS) Cannot be a replacement system. EMS systems for buildings larger than 100,000 square feet may be eligible only under the Custom program.	YES	NO
Direct/Indirect Evaporative Coolers Must meet or exceed ASHRAE 90.1-2010.	YES	YES
Electronically Commutated Motors (ECM) Must not be part of the unitary equipment rebate.	YES	YES
CO ₂ Sensors Cannot be a replacement unit. *New building only eligible if not required by ASHRAE 90.1-2010.	YES	YES*

ENERGY MEASURE	RETRO ELIGIBLE	NEW BUILDING ELIGIBLE
Packaged Terminal Units Must meet efficiencies in Table 4, see rebate application.	YES	YES
Carbon Monoxide Sensors Cannot be a replacement unit. Cannot be added to a VFD rebate. *New building only eligible if not required by ASHRAE 90.1-2010.	YES	YES*
Hotel Room Occupancy Sensors Cannot be a replacement for existing occupancy controls. *New building not eligible if controlled by chiller.	YES	YES*
REFRIGERATION		
Auto Closers for Walk-Ins/Reach-Ins *Reach-in cooler and freezer doors only.	YES	YES*
Door Gaskets Only available every three years.	YES	NO
ECMs Cannot be combined with High-Efficiency Case rebate.	YES	NO
High-Efficiency Refrigeration Compressors Must meet efficiencies in Table 6, see rebate application.	YES	NO
Strip Curtains Cannot be a replacement for existing occupancy controls.	YES	NO
Anti-Sweat Heater Controls *Reach-in cooler and freezer doors only.	YES	YES*
Discus Compressors	YES	NO
Evaporative Condensers Must have a VFD-controlled fan and EER of > 240.	YES	YES
Refrigeration Condenser and Evap VFDs *Cannot be a replacement unit.	YES*	NO
Floating Heat Pressure Controls Must have a VFD-controlled fan.	YES	YES
High-Efficiency Open Display Cases	YES	YES
Dock Door Seals	YES	NO
Fast-Acting Cooler and Freezer Doors *New coolers/freezers must be > 3,000 square feet.	YES	YES*
Refrigeration Occupancy Controls	YES	YES
Refrigeration Suction Pipe Insulation	YES	NO

ENERGY MEASURE	RETRO ELIGIBLE	NEW BUILDING ELIGIBLE
COMPRESSED AIR		
VFD-Controlled Compressor	YES	YES
Receiver Capacity Addition	YES	YES
Zero-Loss Condensate Drains	YES	YES
Refrigerated Cycling Dryers	YES	YES
Desiccant Dryers with Dew Point Control	YES	YES
Low-Pressure Drop Filters	YES	YES
IT & DATA CENTERS		
High-Efficiency Computer Room Air Conditioning (CRAC) Unit <small>Must meet efficiencies in Table 7, see rebate application.</small>	YES	YES
ECMs for CRAC and Computer Room Air Handler Units	YES	YES
Computer Power Management	YES	YES
High-Efficiency Servers	YES	NO
Server Virtualization	YES	NO
BUILDING ENVELOPE		
Window Film	YES	NO
Shade Screens	YES	NO

SRP BUSINESS SOLUTIONS

SRP is committed to helping you save energy and money. We offer a rebate program for every size and type of business.

- › Standard Business Solutions
- › Small Business Solutions
- › Custom Business Solutions

NEW BUILDING LIGHTING EQUIPMENT ELIGIBILITY

- › Equipment must be purchased on or after May 1, 2018. Applications for new building projects with fixtures purchased after May 1, 2018, must be received no later than July 31, 2019, to be eligible for rebates (subject to rebate availability). Rebate eligibility is determined based on the eligibility rules in place on the purchase date.
- › Equipment must be new and installed in a manner that meets or exceeds code regulations.
- › Only approved LED modular fixtures and approved pin-based LED lamps are eligible for rebate. Screw-in (Edison base) lamps of any type are NOT eligible for rebate.
- › LED fixtures and lamps (except exit signs) must be UL-rated and on one of the following qualified product listings at the time of application approval: ENERGY STAR® or DesignLights™ Consortium.
- › In order to be eligible for the rebate, the lighting project must produce a 10% or greater installed demand reduction from ASHRAE 90.1-2010 lighting power density specifications by building type, as calculated by the Standard Business Solutions Lighting Application. Additional information on rebate calculations can be found in the SBS Program Manual.

Delivering water and power™
