

SRP BUSINESS SOLUTIONS: ELECTRIC TECHNOLOGY REBATES

TERMS AND CONDITIONS

Important: These Terms and Conditions may be signed and returned to the SRP Electric Technology Program to apply for various electric technology rebates. Please sign the last page and attach required documentation: all invoices or delivery receipts showing proof of purchase and the make, model and serial number of the equipment. Failure to complete this form and provide documentation will result in your application being returned or denied. Rebates will be paid upon proof of invoice, delivery of equipment, and processing of application.

Please email completed applications to etechrebates@srpnet.com. For faster processing please apply online at srpetechrebates.com/etech.

This form is to be read, signed, and submitted with the FY21 Effective Period Rebate Application. Salt River Project offers the SRP Business Solutions Electric Technology Rebate Program (“ET Program”) to provide customers with rebates to facilitate the installation of qualifying equipment or electrical infrastructure. The following terms and conditions apply to the program:

1. SRP has contracted ICF, Inc. (“ICF”) to act as the Program Administrator and authorizes ICF to administer the Electric Technology rebate programs including such activities, but not limited to; review, processing, and approval of customer applications; pre and post inspections of customer facilities and project information requests from customer; measurement and verification activities; and issuing rebate checks.
2. Funds are limited and ET Program applications are accepted on a first-come, first-served basis and must be submitted during the Effective Period. The FY21 ET Program is effective from May 1, 2020 to April 30, 2021 (“Effective Period”) and submitted no later than July 31, 2021.
3. SRP allows customers in good standing to participate in multiple programs subject to an annual rebate cap, which is the maximum rebate amount a customer is eligible to be paid for the program year. For the current Effective Period, the rebate cap is \$300,000 per customer for all SRP Business Solutions programs in aggregate; and limited to \$50,000 for the SRP Business Solutions Electric Technology Program. A customer is defined as a holder of a single account, multiple accounts in aggregate or corporate accounts. For purposes of rebate caps, a customer who is the holder of multiple accounts or corporate accounts with a single SRP customer identification number will be considered a single customer.
4. Rebates pursuant to participation in the ET Program may result in taxable income to the Customer, even if Customer does not directly receive a payment. Customer should consult his or her own tax advisor with respect to the tax treatment of rebates provided pursuant to participation in the ET Program.
5. The SRP Electric Technology program website describes the customer and equipment eligibility requirements, rebate information, and program participation process for customers participating in the ET Program. Customer must read and comply with the conditions outlined on this application and the current program website at <http://savewithsrpbiz.com> incorporated herein by reference.
6. To be eligible for forklift rebates through the ET Program, the participant must:

- Purchase or lease a class 1 or 2 electric forklift between May 1, 2020, and April 30, 2021.
 - Electric forklifts must replace an internal combustion unit (\$2000 rebate/lift) OR be an expansion to an existing fleet (\$500/lift) OR be a first-time forklift purchase (\$500/lift). Electric equipment replacing existing electric equipment does not qualify for this program.
 - Leased electric forklifts without a buyout clause are eligible for a prorated rebate at the rate of the annual length of the contract divided by 10 and multiplied by \$500 (new forklift addition) or \$2000 (forklift conversion).
 - Leased electric forklifts with a buyout clause are eligible for the full rebate.
 - Used electric forklifts are eligible for a prorated rebate based on the age of the forklift. Used forklifts must be 2009 models or newer. Prorated rebates are calculated based on a 10-year life expectancy. For example, a 5-year-old forklift is eligible for 50% of the rebate, and an 8-year-old forklift is eligible for 20% of the rebate.
 - Dealer demo equipment or remanufactured equipment sold with new warranties are eligible for the full rebate.
7. To be eligible for the Small Business Adder (\$500 per forklift, up to 1 forklift), the SRP customer must have an annual kWh usage of less than 145,000 kWh across all SRP – served facilities.
 8. To be eligible for the High Frequency Charger Rebate (\$250 per charger), the SRP customer must purchase and install a high frequency charger that is:
 - Purchase and install the necessary smart charger to power your forklifts between May 1, 2020, and April 30, 2021 and submit a complete rebate application by July 31, 2021. Program funding is limited.
 - Replacing an existing SCR or ferroresonant battery charger or expansion to existing charger(s) or be a first-time charger purchase
 - Have a charger rating of 24 to 80 V
 - Charge forklift or pallet jack batteries
 - ≥ 89 percent power conversion efficiency
 - Must be a high frequency charger.
 9. To be eligible for Electric Standby Truck Refrigeration Unit (E/S TRU) Infrastructure at \$1000 per eligible plug the SRP customer must:
 - Purchase and install the necessary infrastructure to plug in an E/S TRU between May 1, 2020, and April 30, 2021.
 - Be an active SRP commercial or industrial electric customer.
 - Only 3-phase power, 480-volt plug-in infrastructure is eligible for a \$1,000/plug rebate.
 - Provide all valid invoices that show dates of payment for all E/S TRUs claimed and/or invoices for the electrical infrastructure being installed.
 - Infrastructure may include the necessary wiring, contractor fees, breakers, individual electrical outlets at each warehouse bay, and any other typical and necessary infrastructure that is necessary to provide power to the E/S TRU.
 - Only newly installed infrastructure is eligible for a rebate. Electric infrastructure replacing existing electric infrastructure does not qualify for this program.
 - Customer is responsible for contacting SRP with any questions regarding whether a certain type of proposed plug-in infrastructure is eligible for rebates.
 - Submit a complete rebate application by July 31, 2021.

10. To be eligible for Electric Truck Stop/Fleet Charging Infrastructure (TSE) Infrastructure rebate the SRP customer must:
 - Be a Salt River Project (SRP) non-residential electric customer with an account in good standing.
 - Purchase and install the necessary infrastructure to plug in an TSE between May 1, 2020 and April 30, 2021.
 - Infrastructure is eligible for a rebate of up to \$1,000 per bay or plug-in point.
 - Provide all valid invoices that show dates of payment for all TSE claimed and/or invoices for the electrical infrastructure being installed.
 - Infrastructure may include the necessary wiring, contractor fees, breakers, individual electrical outlets at each warehouse bay, and any other typical and necessary infrastructure that is necessary to provide power to the E/S TRU.
 - Only newly installed infrastructure is eligible for a rebate. Electric infrastructure replacing existing electric infrastructure does not qualify for this program.
 - Customer is responsible for contacting SRP with any questions regarding whether a certain type of proposed plug-in infrastructure is eligible for rebates.
 - Submit a complete rebate application by July 31, 2021.
11. To be eligible for Electric Technology Custom Rebate the customer must:
 - Be an SRP non-residential electric customer with an account in good standing.
 - Request a pre-approval prior to equipment purchase so we can review and set aside limited program funds for the project.
 - Purchase or lease and install an eligible piece of electric equipment between May 1, 2020 and April 30, 2021 and provide a completed post-installation application by July 31, 2021.
 - Provide any relevant specification sheets, engineering documents, price estimates or quotes for all equipment claimed.
 - Provide all valid invoices, serial numbers and photos for all equipment claimed after the equipment has been purchased.
12. Customer is solely responsible for the selection of equipment or infrastructure to be installed or implemented and for the selection of a third-party service provider or Electric Technology Alliance Participant (“Customer Contractor”) to complete the installation and implementation of any equipment or measures. SRP and ICF make no representations and provide no warranty or guaranty with respect to the design, manufacture, construction, safety, performance or effectiveness of the newly installed equipment, including any warranties of merchantability or fitness for a particular purpose. Responsibility for delivery and workmanship related to any equipment or services the customer procures exclusively rests with the contractor or retailer selected by the customer. SRP and ICF assume no responsibility for oversight of contractor services or for any claims the Customer might have against the Customer Contractor, the manufacturer, or the retailer regarding the energy efficiency services or measures implemented under the ET Program.
13. Customer hereby authorizes and acknowledges that SRP may disclose Customer’s information relating to a Customer Application (including the entirety of its contents), and any other information related to the Customer’s participation in the Program to ICF and Electric Technology Alliance Participants, as applicable, and any other third party utilized by SRP for the purposes of processing the Customer’s Application, to verify or audit program records or system installation, operation and results, or as required to comply with state and/or federal law, fraud prevention, regulation, and other legal action. In those cases, SRP, ICF, and authorized third parties shall comply with all legal requirements of the jurisdiction of the individual whose Customer data would be disclosed before making such disclosure.

14. Any person who knowingly files an application containing any materially false information or who purposely or misleadingly conceals information subjects such person to criminal and civil penalties. Any and all funds determined to have been acquired based on inaccurate or fraudulent information must be returned to SRP. Any customer found to be engaged in fraudulent activity or misrepresentation of any kind will be removed from the ET Program. This section shall not limit other remedies that may be available for the filing of a false or fraudulent application, including, but not limited to, referral to law enforcement authorities.
15. Notwithstanding anything in these Terms and Conditions to the contrary, in no event will SRP, ICF, or their agents, consultants or subcontractors be liable hereunder for any type of damages, whether indirect, special, incidental, consequential, exemplary, reliance or punitive (even if advised of the possibility of such damages), including, without limitation, loss of use or loss of profits, whether in contract, indemnity, warranty, strict liability or tort, including negligence of any kind. Customer waives any claims it might have against SRP or ICF.
16. Customer, at its own expense, is responsible for meeting all requirements and complying with all local and state laws and codes concerning the ET Program, including without limitation, the installation and maintenance of eligible equipment. Customer shall, at its own expense, obtain and maintain licenses and permits needed to install eligible equipment. Failure to obtain and maintain necessary licenses and permits constitutes a material breach of Customer's obligations under these Terms and Conditions.
17. SRP and ICF reserves the right to inspect equipment associated with this application to verify compliance with these Program Terms. If SRP chooses to inspect equipment, SRP will contact the Customer to schedule the inspection. By signing and submitting the Rebate Application, the Customer agrees to provide SRP and its subcontractors with reasonable access to the installation site during normal business hours. Customer also consents to allow SRP or ICF access to their charging network for equipment rebated.
18. SRP, ICF, or their respective agents, consultants, and subcontractors shall not have any responsibility for the discovery, presence, handling, removal, or disposal of or exposure of persons to hazardous materials of any kind in connection with Customer's facility, including without limitation, asbestos, asbestos products, PCBs, or other toxic substances. Customer shall dispose of replaced equipment in accordance with local, state, or federal codes and regulations and cannot reinstall the equipment in another location.
19. The terms and conditions set forth herein constitute a complete statement of the Terms and Conditions applicable to this promotion, and supersede all prior representations or understandings, whether written or oral. SRP shall not be bound by or be liable for any statement, representation, promise, inducement or understanding of any kind that is not set forth herein. SRP reserves the right to change or cancel this promotion or its terms and conditions at any time.

Signature and Certification

I certify that the equipment described in this rebate application has been installed at the service address indicated. I agree to the terms and conditions stated in this application.
